

# MASTERING NUMBER KS2

Apply now!

This is a national programme. The programme provides knowledge of multiplication and division and its application forms the single most important aspect of the KS2 curriculum and is the gateway to success at secondary school.

- Your pupils in KS2 will develop automaticity in multiplication and division facts through regular practice.
- You will develop an understanding of how pupils progress in their knowledge and understanding of multiplicative concept.

Please be aware this programme is **only** for schools that have been involved in EYFS and KS1 Mastering Number AND are in a Teaching for Mastery Sustaining group.
