MATRIX HERTS

PRIMARY TEACHING FOR MASTERY DEVELOPMENT PROGRAMME

Join our hugely successful **Primary Teaching for Mastery Development Programme** and discover the teaching and learning approach that enables pupils' deep and adaptable understanding of maths.
For state funded Primary Schools.

Our Primary TfM Development Work Groups

Our Development Work Groups provide support for schools to develop a **Teaching for Mastery in maths** approach to learning.

Each Work Group is led by a Primary Mastery Specialist and consists of six schools where two teachers per school participate.

Recordings of Head Teachers talking about their schools' experience with Developing TfM are available on our website.

This programme is fully funded and schools can claim a teacher release grant of £1,000 for the first year.
