

New to Teaching Core Maths Programme

This programme is for teachers who are in their first or second year of teaching Core Maths. It is in the early stages of planning at the moment, and will consist of 6 half days 1-3.30 during 2024/25. It is designed to bring together a group of teachers in the same local area with a Work group lead, the sessions will be:

- Creating contextualised activities
- Applying Fermi estimation and modelling
- Developing critical analysis
- Making sense of finance
- Using the pre-release materials
- Exploring statistics.

If you or a member of your team is interested in taking part in this programme please click the link above we want it to have a positive impact for teachers who often work on their own in their school teaching Core Maths.

The project involves a direct working partnership between the Maths Hub Network and the Advanced Mathematics Support Programme (AMSP)

Dates for your Diary

- Session 1 - Wednesday 15th January 2025
