I'm a new member and found the Tech Fest very informative, picking up lots of tips!

--

I found the workshops really really helpful and something we can work with. Plus the other technicians' ideas are so resourceful too.

--

I found all of the sessions very helpful - it was good to have a mix of practical and "tips".

--

What shall we do at science club was good as I help to run our science club and we are always looking for new fun ideas!
