

SCIENCE TECHNICIAN ANNUAL SCHOOL SUBSCRIPTION 2023/24

Our extremely popular Science Technician annual subscription for schools is excellent value for money for Science departments to provide quality CPD and networking opportunities for their technicians throughout the year. Our Technicians tell us that they feel valued and supported by being a part of our subscription.

What's included?

All technicians from subscribed schools will have full access to any of the following courses, events and networks.

- Termly online network meetings
- Online Tech Fest – a week long festival of talks, workshops, demonstrations and updates for Science Technicians
- Hands on Tech Fest – a day of hands on workshops
- Introduction to the role of Science Technicians
- Senior Technician Training
- GCSE Biology Required Practicals 3 afternoon sessions (F2F)
- GCSE Chemistry Required Practicals 3 afternoon sessions (F2F)
- GCSE Physics Required Practicals 3 afternoon sessions (F2F)
- Face to face technicians networks (Stevenage, Beds)
- Please let us know if you are interested in hosting a local face to face network
