

The National Association of  
School-Based Teacher Trainers

November 2022

Dear Colleague

NASBTT (The National Association of School-Based Teacher Trainers) is delighted to be offering this pilot series of professional development in partnership with:

Alpha Teaching School Hub  
Cambridgeshire & Peterborough Teaching School Hub  
Chafford Hundred Teaching School Hub  
Inspiration Teaching School Hub  
Julian Teaching School Hub  
Saffron Teaching School Hub  
Unity Teaching School Hub  
East of England Regional Network for ITT

The series in *Advanced Instructional Coaching: Deliberate Practice* has been written with the needs of NASBTT Members in mind, with specific support tailored to Mentors. NASBTT recognises that the Mentor is an essential element in excellent teacher education, but they too need continued support and encouragement in order to continue to develop and excel themselves.

This five-part series is an introductory pilot of part of a larger development plan, from which our goal is to continue to support, inspire and inform Mentors in their professional development journeys. With the 2024 framework changes in mind, we aim to write consistent, relevant and evidence informed CPD to be delivered by Lead Teacher Educators, to support the roles of their general and lead mentors.

By taking part in this pilot, you will assist us in ensuring our resources are relevant and timely, while at the same time ensuring your own growth and development remains well informed in this area.

Yours sincerely,

Emma Hollis  
Executive Director
