

What qualifications do I need?

1. A University degree

- a. This can be from outside of the UK

2. English and maths qualifications

- a. A standard in maths and English equivalent to a GCSE (grade 4)
- b. If training to teach children age 3-11 you will also need the equivalent of GCSE (grade 4) in a science subject (physics, chemistry or biology)

[Contact UK ENIC to find out if your qualifications meet the standard](#)

All providers will require a statement of comparability from UK ENIC and will need to see your original high school and university certificates.

1. If your degree does not meet the required standard, please talk to your provider about how you may be able to top up your degree in the UK
2. If your high school qualifications do not meet the required standard, please check with your individual provider if there are any other recognised qualifications that they will accept. For example:
 - a. Equivalency tests – available in English, maths and science subjects. You don't need these in place in order to apply but must be passed before starting your training programme
 - b. IELTS – overall score of 6.5 or above

Information for International Trainees – Dec 2021

If you have **settled or pre-settled status** under the [EU Settlement Scheme \(EUSS\)](#), or [indefinite leave to remain](#), you will not need a visa to train to teach in the UK.

If you are **currently studying in the UK on a student visa**, you may be able to apply for a [graduate visa](#).

Check whether you can apply to the EU Settlement Scheme

If you are from the [European Economic Area \(EEA\)](#) or Switzerland, you might be able to apply to the EU Settlement Scheme to continue living, working and studying in the UK without applying for a visa.

The deadline for most people to apply to the EU Settlement Scheme was 30 June 2021.

If you or your family are from the EEA or Switzerland, you can still apply if you or a family member were living in the UK by 31 December 2020. You must also either:

- meet one of the criteria for a later deadline to apply
- have 'reasonable grounds' for not applying by 30 June 2021

More information is available about the eligibility criteria for later applications to the [EU Settlement Scheme](#).

You can also apply to the EU Settlement Scheme if [you already have pre-settled status and are applying for settled status](#). You must apply to the EU Settlement Scheme again before your pre-settled status expires to stay in the UK.

Apply for a visa for your teacher training course

You'll need a visa or other immigration status that allows you to work or study in the UK, unless you:

- are an Irish citizen
- have settled or pre-settled status under the EU Settlement Scheme
- have indefinite leave to remain

The main visa routes for teacher training in England are:

1. Student visa
2. Skilled worker visa

Information for International Trainees – Dec 2021

Depending on your personal circumstances, you may be eligible for other visas including:

3. Graduate visa
4. Youth Mobility Scheme visa
5. Other visas
 - a [Family visa](#)
 - a [UK Ancestry visa](#)
 - if you are from Hong Kong, a [British National \(Overseas\) visa](#).

Unsalaries courses (SCITT and School Direct fee-funded)

Visa options:

- **Student Visa** (requires sponsor)
- **Graduate Visa** (no sponsor required)
- **Youth Mobility Scheme Visa (age 18-30)** – no sponsor required

Salaried courses (School Direct Salaried and PG Teacher Apprenticeship)

- **Youth Mobility Scheme Visa (age 18-30)** – no sponsor required

1. Applying for a student visa

- Student visas must be sponsored by a Home Office licensed student sponsor.
- Contact your chosen training provider to check they are a Home Office licensed student sponsor – sponsors can help you apply for your visa. You can also refer to the UK government's [Register of licensed sponsors: students](#), which lists all training providers who can sponsor students.

You'll be able to apply for your visa if you:

- have a confirmed offer of a place on a course with a Home Office licensed student sponsor teacher training provider
- have a reference number, called a confirmation of acceptance for studies (CAS), which your training provider will give you
- [have enough money to support yourself and pay for your course](#)
- [can speak, read, write, and understand English](#)

[Apply for a student visa](#)

Information for International Trainees – Dec 2021

2. Applying for a skilled worker visa

Skilled worker visas are sponsored by Home Office licensed employers.

You will need to find out whether the school you'll be employed by during your training is a Home Office licensed employer sponsor. Sometimes it will be the [local authority or academy trust](#) that holds the sponsor licence instead of the individual school. You could check the Home Office's [Register of licensed sponsors: workers](#), but you should also check directly with your chosen teacher training provider. Sponsors can help you apply for your visa.

You'll be able to apply for your visa if:

- you have an offer for a salaried training place at a school that is a licensed Home Office employer sponsor
- [you can speak, read, write, and understand English](#)
- your salary meets the requirement for a skilled worker visa

Salary requirement for a skilled worker visa

The salary threshold you must meet depends on the region you work in as a salaried trainee. This table shows the minimum salary non-UK salaried trainee teachers must earn to be eligible for a skilled worker visa, by region.

Inner London	Outer London	London fringe	Rest of England
£22,849	£21,582	£20,480	£20,480

3. Graduate visa for salaried and unsalaried teacher training courses

If you are already an international student in the UK, you can apply for a [graduate visa](#) on successful completion of your degree. To apply, you will need to have been sponsored by a Home Office licensed student sponsor over the course of your studies.

The graduate visa will allow you to study, work, or look for work in the UK for up to 2 years after completing your studies (3 years for PhD students), without a sponsor. This includes training as a teacher on a salaried or unsalaried initial teacher training course, if the course does not meet the requirements needed for you to apply for a student visa.

You will be able to switch from a graduate visa to another visa (such as the [skilled worker visa](#)) without having to leave the UK, if you meet the requirements for the new visa.

Information for International Trainees – Dec 2021

4. The Youth Mobility Scheme visa

The [Youth Mobility Scheme](#) allows young people from [certain countries](#) to come to the UK to study or work without a sponsor. This includes training as a teacher via either a salaried or unsalaried initial teacher training course.

A Youth Mobility Scheme visa lasts up to 2 years. You may be able to switch from a Youth Mobility Scheme visa to another visa route (for example, the [skilled worker visa](#)) without having to leave the UK. You'll need to meet the requirements for the other visa route.

5. Other visas

Depending on your personal circumstances, you may be able to work or study in the UK on alternative visas – for example, a [Family visa](#), a [UK Ancestry visa](#) or, if you are from Hong Kong, a [British National \(Overseas\) visa](#).

Biometric Residence Permits

A [biometric residence permit](#) (BRP) can be used to confirm your:

- *identity*
- *right to study or work in the UK*
- *right to any public services or benefits you're entitled to*

You'll usually get a BRP if you:

- *apply to come to the UK for longer than 6 months*
- *extend your visa to longer than 6 months*
- *apply to settle in the UK*
- *transfer your visa to a new passport*
- *apply for certain Home Office travel documents*

You will need to show your BRP to your provider or employer to confirm your eligibility for the teacher training programme and any related funding.
