### Teaching Reading to Lower Attainers: How to get them back on track

#### Objectives

- To understand the barriers to learning in lower attaining readers.
- To be able to diagnose reading difficulties.
- To be able to teach children to overcome barriers to learning in reading.

Ofsted's focus on the reading of lower attainers in the primary school will be a feature of every inspection. This half day course enables teachers to identify exactly where barriers are occurring and offers advice about how to aid pupils in overcoming these obstacles. Decoding (including phonics), fluency and basic comprehension will all be discussed. This is a very practical course and attendees will leave with a full understanding of how to support those in their class who find reading a struggle.

The facilitator for this training is **Jonathan Bond, Independent Consultant**
