

NPQ Leading Primary Mathematics

Designed for teachers or leaders who have responsibilities for leading mathematics across a school, year group, key stage, or phase.

NPQ LEADING PRIMARY MATHEMATICS

How can the NPQLPM impact your role?

- Embed mastery approaches to teaching maths in your school
- Develop a collaborative network of teachers and leaders
- Access a blended learning programme that's full of practical and tangible examples, flexible and tailored to your needs and areas of development and focus
- Benefit from DfE scholarship funding (available to all state school teachers and leaders)
