Teacher Educator and Mentoring Zone (TEMZ)

The *Teacher Educator and Mentoring Zone* is dedicated to supporting the professional learning and development of Teacher Educators individually and as a profession.

We believe it is vital to recognise the role of a Teacher Educator as a professional who is instrumental to the development of early career teachers.

The Professional Framework for Teacher Educators consists of 19 tailored areas. The advice in each area is easily accessible, delivered in bitesize sections and designed to be a starting point for mentors who are keen to develop their own practice and knowledge. The content is built on existing theory and research, as well as first-hand practical advice that can be implemented in a short space of time. The dedicated TEMZ area provides a pool of resources, helpful tips and advice, links to relevant articles, further reading and videos, handy printable guides and access to our dedicated online learning CPD modules.

NASBTT TEMZ is free to all Teacher Educators and
Mentors in any setting.

Essential Guides for Early Career Teachers

The *Essential Guides for Early Career Teachers* provide accessible, carefully researched quick reads for early career teachers covering the key topics they will encounter during their training year and first two years of teaching. They complement and are fully in line with the ITT Core Content Framework and Early Career Framework and assist ongoing professional development by bringing together current information and thinking on each subject in one convenient place.

An essential read for any Early Career Teacher, Teacher Educator or Mentor

Edited by Emma Hollis, Executive Director, NASBTT
