

RA Butler – A School Development Journey

RA Butler is a 3-form entry Infant and Junior school serving a diverse community within the heart of Saffron Walden. The school is recognised as being a *highly ambitious setting which nurtures compassionate and knowledgeable global citizens*.

Recently graded as outstanding, RA Butler has been on a sustained 8-year journey of development. Under the leadership of Emma Vincent, the school has: embedded a rich and aspirational culture which harmonises personal and academic development; developed a highly specialised and enriched curriculum which balances knowledge and skill while nurturing the unique talents of each pupil; established an environment which places Oracy at the heart of school life and learning and elevated their SEN offer to provide innovate and impactful approaches to increasingly complex needs.

RA Butler will be sharing and showcasing the theoretical and practical approaches which have underpinned their success with leaders from across our region.

Overview of the Day:

Whole School Culture - Creating and embedding an ambitious culture

- Vision & Values: Developing and embedding the school culture through all aspects of school life
